

TOOGOOLAWAH SHS

Responsible Behaviour Plan for Students

based on *The Code of School Behaviour*

1. Purpose

Toogoolawah SHS is committed to providing a safe, respectful and disciplined learning environment for students and staff, where students have opportunities to engage in quality learning experiences and acquire values supportive of their lifelong wellbeing.

This Responsible Behaviour Plan for Students is designed to facilitate high standards of behaviour so that the learning and teaching in our school can be effective and students can participate positively within our school community.

2. Consultation and data review

Toogoolawah SHS developed this plan in collaboration with our school community. Our student Welfare Committee has maintained data on student management over the past five (5) years and we have focussed the student support and intervention practices of our school on the analysis of this data and responses.

Data has been reviewed across a suite of aspects -

- Attendance and explanation of absence
- School disciplinary absences for Suspensions and Exclusions
- Profiles of Behaviour Referrals by staff
- Analysis of Harassing Behaviours

3. Learning and behaviour statement

Our school is a School Wide Positive Behaviour Support (SWPBS) school. The SWPBS team at Toogoolawah SHS is committed to implementing a practical, cohesive, supportive behavioural management program that can be applied proactively and consistently across all school and associated environments.

All areas of Toogoolawah SHS are learning and teaching environments. We consider behaviour management to be an opportunity for valuable social learning as well as a means of maximising the success of academic education programs.

Our Responsible Behaviour Plan outlines our system for facilitating positive behaviours, preventing problem behaviour and responding to unacceptable behaviours. Through our school plan shared expectations for student behaviour are plain to everyone, assisting Toogoolawah SHS to create and maintain a positive and productive learning and teaching environment, where ALL school community members have clear and consistent expectations and understandings of their role in the educational process.

Our school community has identified the following school **core values** to teach and promote our high standards of responsible behaviour:

Core Values of Toogoolawah SHS

1. A Commitment to Achievement
2. Respect
3. Responsibility

Our school **core values** have been agreed upon and endorsed by all staff and our school P&C. They are aligned with the values, principles and expected standards outlined in Education Queensland's Code of School Behaviour.

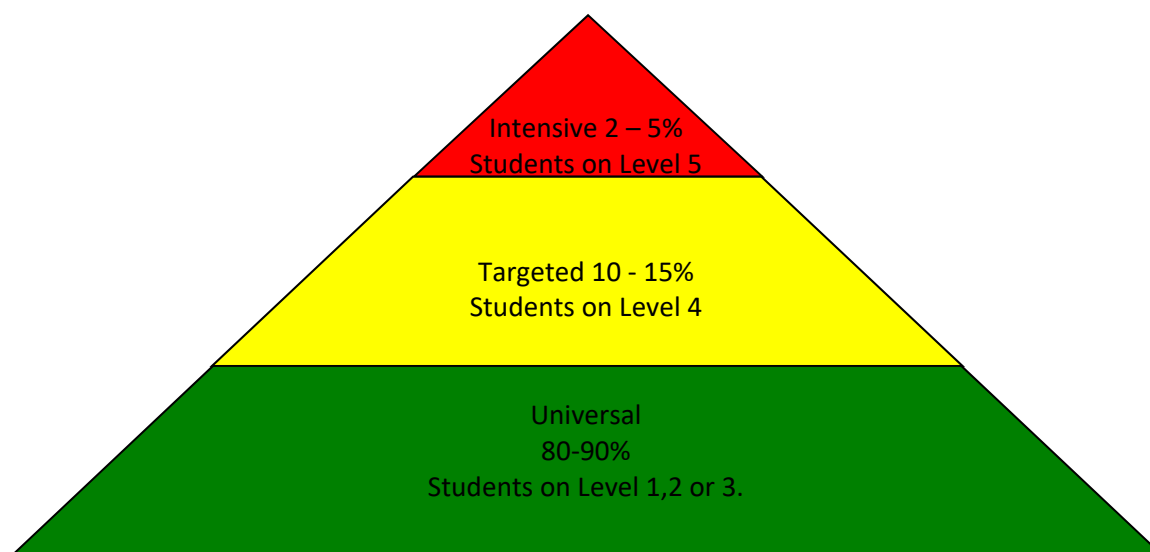

4. Processes for facilitating standards of positive behaviour and responding to unacceptable behaviour

The Three Tiered Approach

A whole school approach shapes, supports and recognises appropriate behaviours in all students. Using a three-tiered approach to facilitating standards of positive behaviour and responding to unacceptable behaviour, it is possible to outline whole school provision of **universal, targeted, and intensive supports**.

Universal, targeted and intensive behaviour support includes:

- quality learning and teaching practices;
- a balanced, relevant and engaging curriculum;
- supportive and collaboratively developed programs and procedures;
- managed professional development for all members of the school community;
- adoption of practices that are non-violent, non-coercive and non-discriminatory;
- a continuum of whole school positive preventive action for all students.

Universal Behaviour Support

In a supportive and well-disciplined school approximately 80% to 90% of students require little, if any, additional support to follow the school rules and demonstrate appropriate social behaviours. Universal levels of support are provided to all students.

Targeted Behaviour Support

In a supportive and well-disciplined school approximately 10 to 15% of students may occasionally need additional targeted support, specific adjustments or program intervention. Targeted support is typically delivered in small groups to the identified population.

Intensive Behaviour Support

In a supportive and well-disciplined school approximately 2 to 5% of students may need more intensive support and/or flexible learning options to assist them to continue their learning. These are typically individualised interventions for students with highly complex and challenging behaviours.

School Wide Positive Behaviour Support

The first step in facilitating standards of positive behaviour is communicating those standards to **all** students. At Toogoolawah SHS we emphasise the importance of directly teaching students the behaviours we want them to demonstrate at school. Communicating behavioural expectations is a form of universal behaviour support - a strategy directed towards **all** students designed to prevent problem behaviour and provides a framework for responding to unacceptable behaviour.

A set of behavioural expectations in specific settings has been attached to each of our three school core values. The School wide **Behaviour Expectations Matrix** below outlines our agreed rules and specific behavioural expectations in all school settings

Behaviour Expectations Matrix

At Toogoolawah State High School we are 'Working together' to be: Respectful, Responsible and Committed to Achievement

Proactive and Preventative Processes

Toogoolawah SHS implements the following proactive and preventative processes and strategies to support student behaviour:

- A dedicated section of the school newsletter, enabling parents to be actively and positively involved in school behaviour expectations.
- SWPBS team members' regular provision of information to staff and parents, and support to others in sharing successful practices
- Comprehensive induction programs in the Toogoolawah SHS Responsible Behaviour Plan for Students delivered to new students as well as new and relief staff.
- Individual support profiles developed for students with high behavioural needs, enabling staff to make the necessary adjustments to support these students consistently across all classroom and non-classroom settings.
- Development of specific policies to address:
 - ICT Responsible Use Policy (Appendix 1)
 - Mobile Phones, iPods and Other Electronic Devices Policy (Appendix 2).

Reinforcing expected school behaviour

At Toogoolawah SHS, communication of our key messages about behaviour is backed up through reinforcement, which provides students with feedback for engaging in expected school behaviour. A formal recognition and monitoring system has been developed.

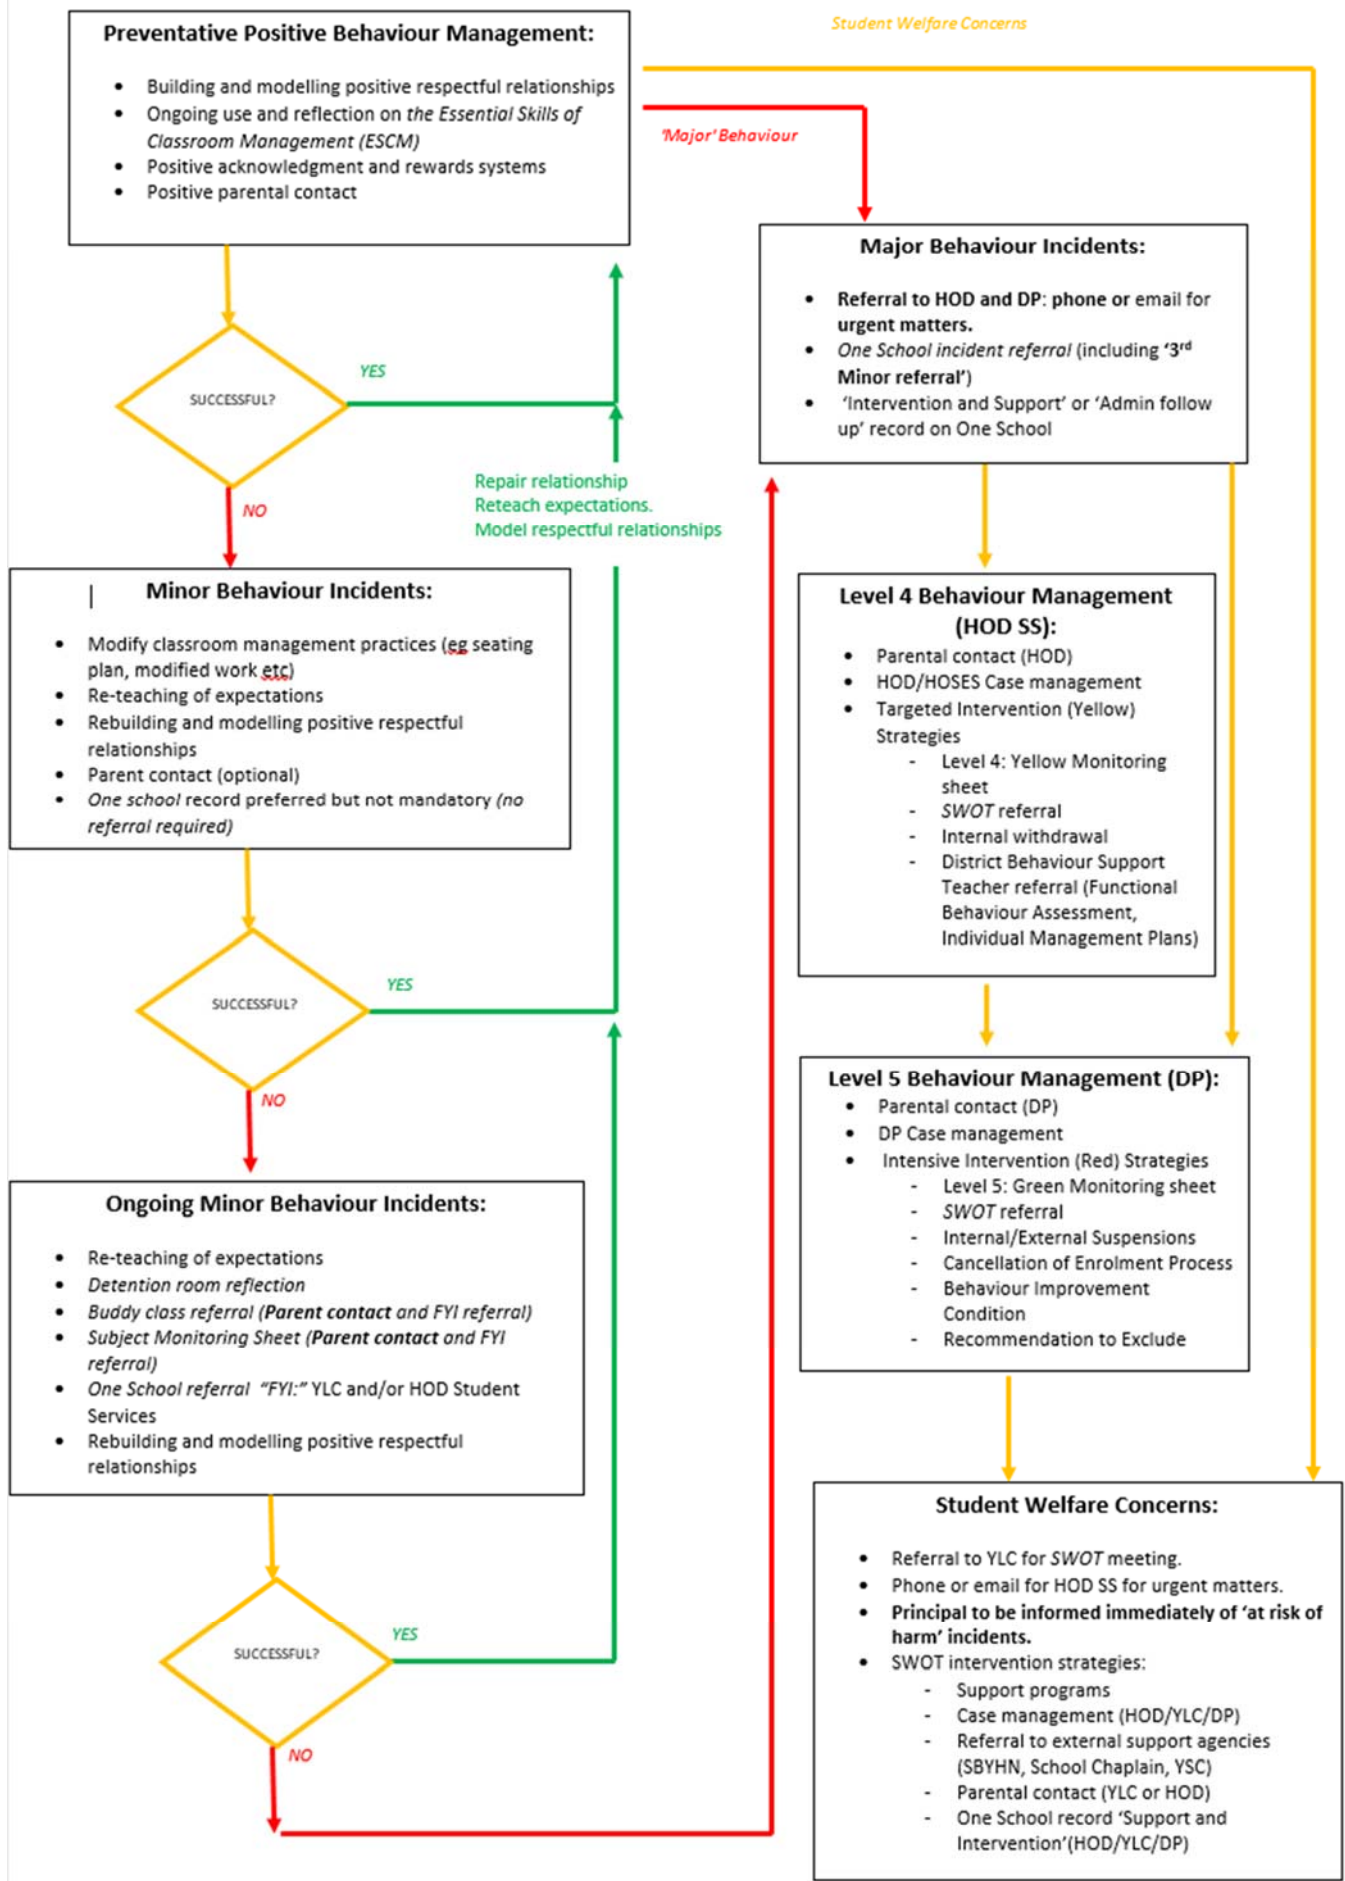

This reinforcement system is designed to increase the quantity and quality of positive interactions between students and staff. All staff members are trained to give consistent and appropriate acknowledgement and rewards.

School-wide Recognition System for Acknowledging Expected Student Behaviours

Reward Type	Reward	When	Description
Free and Frequent	Stamps in School Diary	Every lesson, Every day	Teachers use their unique stamp in student diaries to recognise positive behaviour in class.
Free and Frequent	Vivo rewards	Every Day	Students are able to 'bank' their stamps to earn Vivos. Students can use their Vivos to claim a range of rewards from the Vivo Website https://www.vivomiles.com.au/

Reward Type	Reward	When	Description
Short Term	School Service Certificates	Any time, as required.	Students who have volunteered and/or contributed significantly to an event Certificate presented on parade. Links to 'outstanding service' for Awards Night Recorded as Positive Behaviour on Oneschool
Short Term	Postcards	Any time, as required.	All staff have access to 'Postcards' which can be sent to recognise students personally and privately. They are hand written messages and posted home, addressed via the front office. Recorded as Positive Behaviour on Oneschool.
Short Term	Academic Recognition Letter from Principal	Term 3 Week 3 (Based on Semester 1 Report)	Letter home from the Principal recognising all 'A's and 'B's for achievement on Semester 1 reports Recorded as Positive Behaviour on Oneschool.
Reward Type	Reward	When	Description
Strong and Long Term	Awards Night	Week 7 Term 4	Various Academic, Behaviour, Service and Community Awards presented on Awards Night
Strong and Long Term	'Level 2' Achievement	Applications processed and reviews completed Week 5 each term	Parents receive letters updating changes of level Level 2 students: <ul style="list-style-type: none"> • receive all 'Excellent' and Very Good' results for effort and behaviour on term reports. • meet the School's attendance benchmark (90%) • have no detentions or behaviour referrals submitted in the previous weeks while on level 3. • are seen to be a positive role model. • wear school uniform, meet dress code correctly and show pride in presentation.
Strong and Long Term	'Level 1' Achievement	Level 1 students receive badges at Investiture Parade Term 1 each year	Parents receive letters updating changes in level. Students are awarded Level 1 based on Year Level Coordinator and School Leadership Team decision. Oneschool, sustained time (12 mths or more) on Level 2 and display school/community service/leadership are considered. Level 1 Students: <ul style="list-style-type: none"> • always abiding by the Code of School Behaviour and School wide Personal Expectations. • exemplary performance of duties relating to a position of office; • exemplary performance through committee membership; • actively assisting staff; • supporting others in the academic, cultural and sporting areas; • service to the school or broader community. • Level 1 students will have previously met all criteria for Level 2.
Strong and Long Term	Level 1 and 2 Events/ Excursions		Students who are on Level 2 or 1 are invited to attend 'rewards days/trips' such as movies at school, BBQs and trips to Movieworld, Dreamworld, Gold Coast Indy and the V8s at Willowbank.

The Behaviour Management Flow Chart

Using a levels system to facilitate standards of positive behaviour

Levels range from Level 1, which recognises the highest level of positive behaviour, citizenship involvement and leadership, to Level 5, which indicates an unacceptable level of behaviour.

Levels provide:

- recognition to be given to students who involve themselves in the school in a very positive manner
- students with an understanding of the consequences of their behaviour
- individualised management and support paths for students demonstrating behaviours of concern
- a structured yet flexible approach which provides the opportunity to provide due consideration of individual circumstances.

Placement of Students in levels

All students begin on **Level 3** upon enrolment in the school. Students who finish a year on **Level 1 or 2** begin the following year on that Level. Students who finish a year on **Level 3** begin each new year on **Level 3**. Students who finish a year on **Level 4 or 5** begin each new year on **Level 3**.

Level 1 is awarded to students based on Year Level Coordinator and School Leadership Team decision. Oneschool, sustained time (12 mths or more) on Level 2 and display school/community service/leadership are considered.

Level 1 Students:

- always abiding by the Code of School Behaviour and School wide Personal Expectations.
- exemplary performance of duties relating to a position of office;
- exemplary performance through committee membership;
- actively assisting staff;
- supporting others in the academic, cultural and sporting areas;
- service to the school or broader community.

Level 1 students will have previously met all criteria for Level 2.

Level 2 students meet criteria set for consistently abiding by the Code of School Behaviour and School wide Personal Expectations. This is demonstrated when students:

- receive all 'Excellent' and Very Good' results for effort and behaviour on term reports.
- meet the School's attendance benchmark (90%)
- have no detentions or behaviour referrals submitted in the previous weeks while on level 3.
- are seen to be a positive role model.
- wear school uniform, meet dress code correctly and show pride in presentation.

Level 3 students are expected to abide by the Code of School Behaviour and School wide Personal Expectations. All students begin on Level 3 upon enrolment in the school. This is demonstrated when students:

- Show Respect
- Take Responsibility
- Commit to Achievement

Level 4 identifies situations where parents and staff share concern for behaviour and attitudes of students and monitor the behaviour with the intent of guiding the student and supporting improvement.

- This involves students who have not adequately demonstrated some of their responsibilities outlined in the Code of School Behaviour and School wide Personal Expectations and require intervention to assist them meeting their responsibilities.

- Monitoring usually involves a Yellow Monitoring Sheet and regular contact with the Head of Department.
- Level 4 students may be ineligible for involvement in extra-curricular activities. During the planning for extra-curricular activities, consideration will be given to the student's participation eg. One who is on this level for failure to follow directions would be a risk if engaged in some out of school activities. These students will be required to apply to attend such events in writing through their year coordinator.

Level 5 may be applied when students commit a serious breach of the Code of School Behaviour and School wide Personal Expectations:

Students on this level normally have had a period of suspension from school and have their behaviour monitored with a Green Monitoring Sheet and regular contact with the Deputy Principal.

Process for Students to Change their Level

- The Year coordinators are responsible for the process for students to change their level as well as a review of students who are currently on level 1 or 2 to ensure they maintain the expected standard of behaviour.
- Students on Level 4 and 5 are also regularly reviewed with the Head of Department and the Student Welfare Team to identify opportunities for support and intervention.
- Students submit an application to the Year coordinators (as part of the Student Welfare Team) if they wish to move from Level 3 to Level 2.
- Level 1 is awarded to students based on Year Level Coordinator and School Leadership Team decision. Oneschool, sustained time (12 mths or more) on Level 2 and display school/community service/leadership are considered.
- Parents are notified of all changes of level.

5. Consequences for unacceptable behaviour

Toogoolawah SHS makes systematic efforts to prevent problem student behaviour by teaching and reinforcing expected behaviours on an ongoing basis. When unacceptable behaviour occurs, students experience predictable consequences. Our school seeks to ensure that responses to unacceptable behaviour are consistent and proportionate to the nature of the behaviour.

Minor and major behaviours

When responding to problem behaviour the staff member first determines if the problem behaviour is major or minor, with the following agreed understanding:

- **Minor** problem behaviour is handled by staff members at the time it happens
- **Major** problem behaviour is referred directly to the school Administration team

Minor behaviours are those that:

- are minor breeches of the Behaviour Expectations Matrix
- do not seriously harm others or cause you to suspect that the student may be harmed
- do not violate the rights of others in any other serious way
- are not part of a pattern of problem behaviours
- do not require involvement of specialist support staff or Administration.

Major behaviours are those that:

- the recording of three minor behaviours constitutes a major behaviour
- significantly violate the rights of others
- put others / self at risk of harm
- require the involvement of school Administration.

Major behaviours result in an immediate referral to Administration because of their seriousness. When major problem behaviour occurs, staff members calmly state the major problem behaviour and remind the student of expected school behaviour. The staff member then fills out the office referral form and escorts the student to Administration.

Targeted Behaviour Support – Level 4

Students at this Level have not adequately demonstrated some of their responsibilities outlined in the Code of School Behaviour and Behaviour Expectations Matrix and require intervention to assist them meeting their responsibilities.

Level 4 identifies situations where parents and staff share concern for behaviour and attitudes of students and monitor the behaviour with the intent of guiding the student and supporting improvement.

The student:

- may be placed on Level 4 for a period of time e.g. four weeks;
- may be placed on Behaviour Monitoring for some of all of their time on Level 4
- may need to relinquish any position of Office held for the time on Level 4
- may be ineligible for involvement in extra-curricular activities
- will be required to meet with a staff member to develop appropriate strategies to support their learning

Support options may include:

- use of behavioural data to accurately identify students requiring targeted support
- in-school referral process for teachers seeking assistance to support students with targeted-level needs
- team approach to supporting students on targeted support programs
- use of data-based criteria for evaluation and exit from targeted support program

- making adjustments as required to address individual students' needs
- range of research-validated program options for targeted support such as:
 - adult mentoring
 - check in/check out
 - targeted/small group social skilling

Intensive Behaviour Support – Level 5

Students at this Level have consistently not fulfilled their responsibilities outlined in the Code of School Behaviour and Expectations and require continued and escalated intervention to assist them meeting their responsibilities.

Contact is made with parents to indicate the need for the student to address the behaviour and enlist support in resolving the issue.

Referrals can be made to Regional Services and the Behaviour Support Hub and students are required to meet with the Guidance Officer to establish an appropriate Behaviour Plan and consider the potential for flexible and or alternative Learning Options.

A Level 5 student does not have to progress through Level 4 to regain Level 3 and when he/she has successfully completed their Behaviour Plan they move to Level 3.

Students are **placed on level 5** for two main reasons, they either

- Are on Level 4 and continue to breach the Code of School Behaviour and School wide Personal Expectations; or
- Commit a serious breach of the Code of School Behaviour and School wide Personal Expectations

The student:

- may be placed on Level 5 for a period of time e.g. four weeks
- may be placed on Behaviour Monitoring for some or all of their time on Level 5
- will relinquish any position of Office held
- will be engaged in a formal process which includes reflection and drafting plans to redress the inappropriate behaviours upon reaching Level 5 - except in cases of Withdrawal and Suspension
- will not be able to participate in any activities that occur outside of the school grounds e.g. representative sporting activities, Cluster Days, end of year trips, subject excursions where an alternative education program is available within the school, social events
- may be required to participate in specific behaviour modification programs provided by Education Queensland staff other Service Providers

Support options may include:

- an in-school referral process for teachers seeking assistance
- a team-based approach for providing intensive individualised support that includes a high frequency of adjustments
- use of behaviour data for the accurate identification of students requiring individualised support
- research validated procedures in place for the assessment and support of students requiring intensive, individualised support (Functional Behaviour Assessment)
- planned use of any physical intervention required to ensure student safety (e.g. Restraint)
- flexible and or alternative learning options
- District, Regional and State behaviour support options.

Level 5 students who continue to behave in an inappropriate manner will have additional intensive intervention such as:

- Flexible or alternative Learning options
- Variation to timetabled activities
- Revisit Behaviour Plan
- Suspension 1 - 5 days
- Suspension 6 - 20 days
- Imposition of Behaviour Improvement Condition by Principal
- Exclusion

6. Emergency or critical incident responses

It is important that all staff have a consistent understanding of how to respond to emergency situations or critical incidents involving severe problem behaviour. This consistency ensures that appropriate actions are taken to ensure that both students and staff are kept safe.

An emergency situation or critical incident is defined as an occurrence that is sudden, urgent, and usually unexpected, or an occasion requiring immediate action.

Severe problem behaviour is defined as behaviour of such intensity, frequency, or duration that the physical safety of the student or others is likely to be placed in serious jeopardy.

All members of our school community bear some responsibility when such incidences occur. Generally, the nearest teachers will take charge of these situations, assess immediate risk, take action to reduce or minimise this risk and then assess what external assistance is required, if any.

Basic defusing strategies

Avoid escalating the problem behaviour

(Avoid shouting, cornering the student, moving into the student's space, touching or grabbing the student, sudden responses, sarcasm, becoming defensive, communicating anger and frustration through body language).

Maintain calmness, respect and detachment

(Model the behaviour you want students to adopt, stay calm and controlled, use a serious measured tone, choose your language carefully, avoid humiliating the student, be matter of fact and avoid responding emotionally).

Approach the student in a non-threatening manner

(Move slowly and deliberately toward the problem situation, speak privately to the student/s where possible, speak calmly and respectfully, minimise body language, keep a reasonable distance, establish eye level position, be brief, stay with the agenda, acknowledge cooperation, withdraw if the situation escalates).

Follow through

(If the student starts displaying the appropriate behaviour briefly acknowledge their choice and re-direct other students' attention towards their usual work/activity. If the student continues with the problem behaviour then remind them of the expected school behaviour and identify consequences of continued unacceptable behaviour).

Debrief

(Help the student to identify the sequence of events that led to the unacceptable behaviour, pinpoint decision moments during the sequence of events, evaluate decisions made, and identify acceptable decision options for future situations).

Physical Intervention

Staff may make legitimate use of physical intervention if all non-physical interventions have been exhausted and a student is:

- physically assaulting another student or staff member
- posing an immediate danger to him/herself or to others.

Appropriate physical intervention may be used to ensure that [Toogoolawah SHS](#)'s duty of care to protect students and staff from foreseeable risks of injury is met. The use of physical intervention is only considered appropriate where the immediate safety of others is threatened and the strategy is used to prevent injury.

Physical intervention can involve coming between students, blocking a student's path, leading a student by the hand/arm, shepherding a student by placing a hand in the centre of the upper back, removing potentially dangerous objects and, in extreme situations, using more forceful restraint.

It is important that all staff understand:

- physical intervention cannot be used as a form of punishment
- physical intervention must not be used when a less severe response can effectively resolve the situation
- the underlying function of the behaviour.

Physical intervention is not to be used as a response to:

- property destruction
- school disruption
- refusal to comply
- verbal threats
- leaving a classroom or the school, unless student safety is clearly threatened.

Any physical intervention made must:

- be reasonable in the particular circumstances,
- be in proportion to the circumstances of the incident
- always be the minimum force needed to achieve the desired result, and
- take into account the age, stature, disability, understanding and gender of the student.

Record keeping

Each instance involving the use of physical intervention must be formally documented. The following records must be maintained:

- incident report (Appendix 4)
- [Health and Safety incident record](#) (link)
- debriefing report (for student and staff) (Appendix 5).

7. Serious breaches of the Code of Conduct and School wide Personal Expectations

Our school takes a firm stand on Behaviour. Suspension is a temporary withdrawal of the right to attend school. It provides reflection time for the student, sends a clear and serious message and involves parents in the resolution of the problem.

The types of offences that invoke suspensions at this school include, but are not limited to: smoking, fighting, alcohol offences, provocative/aggressive swearing, dangerous behaviour, gross disrespect or "E-offences" (e.g. electronically recording, storing, forwarding, or posting to the Internet violent, sexually explicit or illegal images or material), possessing knives or other weapons.

The Principal will issue a Proposal for Exclusion (expulsion) for:

- Failure to respond to repeated suspensions
- Possession of illicit or illegal drugs
- Threatening use of weapons
- Immediate and serious threat to the safety of staff or students
- Posting on the Internet of grossly inappropriate material concerning a staff member e.g. threats, abuse, gross denigration, insinuations or privacy breaches
- Or other very serious misbehaviour which threatens the good order and management of the school.

Before applying suspension with a Proposal to exclude, the Principal may consider using a Notice of Behaviour Improvement Condition. Post-compulsory Students can have their enrolment Cancelled for failure to actively participate satisfactorily in the program of instruction.

8. Network of student support

Students at Toogoolawah SHS are supported through positive reinforcement and a system of universal, targeted, and intensive behaviour supports by:

- Parents
- Teachers
- Support Staff
- Head of Department
- Administration Staff
- Guidance Officer
- Advisory Visiting Teachers
- School Chaplain
- School Based Youth Health Nurse
- Youth Support Coordinator.

Support is also available through the following government and community agencies:

- Disability Services Queensland
- Child and Youth Mental Health
- Queensland Health
- Department of Communities (Child Safety Services)
- Police
- Local Council

9. Consideration of individual circumstances

To ensure alignment with the Code of School Behaviour when applying consequences, the individual circumstances and actions of the student and the needs and rights of school community members are considered at all times.

Toogoolawah SHS considers the individual circumstances of students when applying support and consequences by:

- promoting an environment which is responsive to the diverse needs of its students
- establishing procedures for applying fair, equitable and non-violent consequences for infringement of the code ranging from the least intrusive sanctions to the most stringent
- recognising and taking into account students' age, gender, disability, cultural background, socioeconomic situation and their emotional state
- recognising the rights of all students to:
 - express opinions in an appropriate manner and at the appropriate time
 - work and learn in a safe environment regardless of their age, gender, disability, cultural background or socio-economic situation, and
 - receive adjustments appropriate to their learning and/or impairment needs,

ICT Responsible Use Policy

Our school community recognises that Information and Communication Technology is an integral to learning. Through the use of Information and Communication Technologies (ICTs), we endeavour to impart to students a range of skills and knowledge necessary for them to participate in the digital economy.

Guidelines

- Information and communication technology (ICT), including access to and use of the internet and email, are essential tools for schools in the provision of innovative educational programs.
- Schools are constantly exploring new and innovative ways to incorporate safe and secure information and communication technology (ICT) use into the educational program.
- School students, only with the approval of the principal, may be permitted limited connection of personally owned mobile devices to the department's information and communication technology (ICT) network, where this benefits the student's educational program.

Authorisation and controls

The principal reserves the right to restrict student access to the school's ICT facilities and devices if access and usage requirements are not met or are breached. However restricted access will not disrupt the provision of the student's educational program. For example, a student with restricted school network access may be allocated a stand-alone computer to continue their educational program activities.

The Department of Education, Training and Employment monitors access to and usage of their ICT network. For example, email monitoring will occur to identify inappropriate use, protect system security and maintain system performance in determining compliance with state and departmental policy.

The department may conduct security audits and scans, and restrict or deny access to the department's ICT network by any personal mobile device, if there is any suspicion that the integrity of the network might be at risk.

Responsibilities for using the school's ICT facilities and devices

- Students are expected to demonstrate safe, lawful and ethical behaviour when using the school's ICT network as outlined in the [Code of School Behaviour](#).
- Parents/guardians are also responsible for ensuring students understand the school's ICT access and usage requirements, including the acceptable and unacceptable behaviour requirements.
- Parents/guardians are responsible for appropriate internet use by students outside the school environment when using a school owned or provided mobile device.
- The school will educate students regarding cyber bullying, safe internet and email practices, and health and safety regarding the physical use of ICT devices. Students have a responsibility to behave in line with these safe practices.
- Use of the school's ICT network is secured with a user name and password. The password must be difficult enough so as not to be guessed by other users and is to be kept private by the student and not divulged to other individuals (e.g. a student should not share their username and password with fellow students).
- Students cannot use another student or staff member's username or password to access the school network, including not trespassing in another person's files, home drive, email or accessing unauthorised network drives or systems.
- Additionally, students should not divulge personal information (e.g. name, parent's name, address, phone numbers), via the internet or email, to unknown entities or for reasons other than to fulfil the educational program requirements of the school.
- Students need to understand that copying of software, information, graphics or other data files may violate copyright laws without warning and be subject to prosecution from agencies to enforce such copyrights.

Responsibilities for using a personal mobile device

- Prior to any personal mobile device being used approval is sought from the school to ensure it reflects the department's security requirements.
- Students are responsible for the security, integrity, insurance and maintenance of their personal mobile devices and their private network accounts.
- All files are to be scanned using appropriate virus software before being downloaded to the department's ICT network.

- Students and parents are to employ caution with the use of personal mobile devices particularly as these devices can store significant numbers of files some of which may be unacceptable at school e.g. games and 'exe' files. An 'exe' file ends with the extension '.exe' otherwise known as an *executable* file. When they are selected they can install programs which may start unwanted processes.
- Any inappropriate material or unlicensed software must be removed from personal mobile devices before bringing the devices to school and such material is not to be shared with other students.
- Unacceptable use will lead to the mobile device being confiscated by school employees, with its collection/return to occur at the end of the school day where the mobile device is not required for further investigation.

Acceptable use by a student

It is acceptable for students while at school to:

- use mobile devices for
 - assigned class work and assignments set by teachers
 - developing appropriate literacy, communication and information skills
 - authoring text, artwork, audio and visual material for publication on the intranet or internet for educational purposes as supervised and approved by the school
 - conducting general research for school activities and projects
 - communicating or collaborating with other students, teachers, parents or experts in relation to school work
 - accessing online references such as dictionaries, encyclopaedias, etc.
 - researching and learning through the department's eLearning environment
- be courteous, considerate and respectful of others when using a mobile device
- switch off and place out of sight the mobile device during classes, where these devices are not being used in a teacher directed activity to enhance learning
- use personal mobile device for private use before or after school, or during recess and lunch breaks
- seek teacher's approval where they wish to use a mobile device under special circumstances.

Unacceptable use by a student

It is unacceptable for students while at school to:

- use the mobile device in an unlawful manner
- download, distribute or publish offensive messages or pictures
- use of obscene, inflammatory, racist, discriminatory or derogatory language
- use language and/or threats of violence that may amount to bullying and/or harassment, or even stalking
- deliberately waste printing and internet resources
- damage computers, printers or network equipment
- commit plagiarism or violate copyright laws
- ignore teacher directions for the use of social media, online email and internet chat
- send chain letters or spam email (junk mail)
- knowingly download viruses or any other programs capable of breaching the department's networks security
- use in-phone cameras anywhere a normal camera would be considered inappropriate, such as in change rooms or toilets
- invade someone's privacy by recording personal conversations or daily activities and/or the further distribution (e.g. forwarding, texting, uploading, Bluetooth use etc.) of such material
- use the mobile phone (including those with Bluetooth functionality) to cheat during exams or assessments
- take into or use mobile devices at exams or during class assessment unless expressly permitted by school employees.

Mobile Phones, iPods and Other Electronic Devices Policy

Toogoolawah State High School supports the appropriate use of technology in learning and for safety. Mobile phones and other electronic devices have the potential to aid learning when used well. Parents may wish their student to have a mobile phone with them whilst travelling to and from school.

Breaches of this policy will result in disciplinary action. The school cannot take responsibility for items left unattended. Students have the option of leaving their mobile phones, iPods and other electronic devices at the Office for safekeeping during the day.

Schoolwide Expectation:

RESPECT: Ensure my mobile phone is off and not used during class unless permission is granted by the teacher.

To ensure that these devices are used to enhance the learning environment and not pose a hazard at school the following policy guidelines apply:

- Students should display courtesy, consideration and respect for others whenever they are using a mobile phone or electronic device.
- Students are permitted to use mobile phones or other electronic devices before or after school, or during recess and lunch breaks.
- In some circumstances, students may be given permission to use a mobile phone during class time in a teacher directed activity to enhance learning.
- Permission is granted under the direction of a teacher for an individual lesson only.
- Students must take care of their mobile phones and other electronic devices and keep them safe.
- The school strongly discourages the use of social media sites by students (Facebook, Snapchat etc) and encourages parents / careers to be aware of and actively monitor the use of social media sites.
- Images or videos taken at school or during school activities where students are identifiable as students of Toogoolawah SHS must not be uploaded to any social networking sites or to “the Internet” unless the Principal and has given express written permission.

Consequences for not following the school wide expectation:

1. Staff will manage students who do not meet the expectation using the behaviour management flowchart. (Minor) *Examples:*
 - Reteach expectations
 - Place in ‘phone box’ for the lesson
 - Post lesson discussion
 - Give choice/follow through
2. Students who repeatedly do not meet the expectation will be sent to the office to hand their phone in for the remainder of the school day. (Ongoing Minor)
3. Ongoing breaches can result in a “Major” behaviour referral. (3rd Minor referral= Major)

Note:

Arrangements can be made with the Deputy Principal in extenuating circumstances for the mobile phone to be used at the Office.

The following are examples of a serious breach of our Code of Behaviour

and will be subject to disciplinary action and potentially police investigation

- using in-phone cameras anywhere a normal camera would be considered inappropriate, such as in change rooms or toilets
- invasion of privacy through the recording of personal conversations or daily activities and/or the further distribution (e.g. via Multi Media Messaging Service, Bluetooth, Social Media) of such material.
- the sending of text messages or posting of statements to websites that contain obscene language and/or threats of violence may amount to bullying and or harassment or even stalking.

Incident Report

- Name: _____ Date: _____

Person Completing Form: _____

Name PROBLEM BEHAVIOUR		
Date of incident	Time incident started	Time incident ended
Where was the student when the incident occurred?		
Who was working with the student when the incident occurred?		
Where was staff when the incident occurred?		
Who was next to the student when the incident occurred?		
Who else was in the immediate area when the incident occurred?		
What was the general atmosphere like at the time of the incident?		
What was the student doing at the time of the incident?		
What occurred immediately before the incident? Describe the activity, task, event.		
Describe what the student did during the incident.		
Describe the level of severity of the incident. (e.g. damage, injury to self/others)		
Describe who or what the incident was directed at.		
What action was taken to de-escalate or re-direct the problem?		
Briefly give your impression of why the student engaged in the above-described incident. (e.g. was angry because I asked him/her to stop teasing).		

Debriefing Report

Formal debriefing should be led by a staff member trained in the process who has not been involved in the event. The goals of debriefing are to:

- Reverse or minimise the negative effects of physical intervention
- Prevent the future use of physical intervention
- Address organisational problems and make appropriate changes

Notes on the discussion that occurs during the debriefing report are not required to be documented, however a note should be made that the debriefing has occurred for both staff and students involved (e.g. names, date, time and outcomes).

Debriefing should provide information on:

- Who was involved
- What happened
- Where it happened
- Why it happened
- What we learned

The specific questions we want to answer through the debriefing process are:

- **FACTS:** what do we know happened?
- **FEELINGS:** how do you feel about the event that happened?
- **PLANNING:** what can/should we do next?

Questions for staff

- What were the first signs?
- What de-escalation techniques were used?
- What worked and what did not?
- What would you do differently next time?
- How can physical intervention be avoided in this situation in the future?
- What emotional impact does using physical intervention have on you?
- What was your emotional state at the time of the escalation?

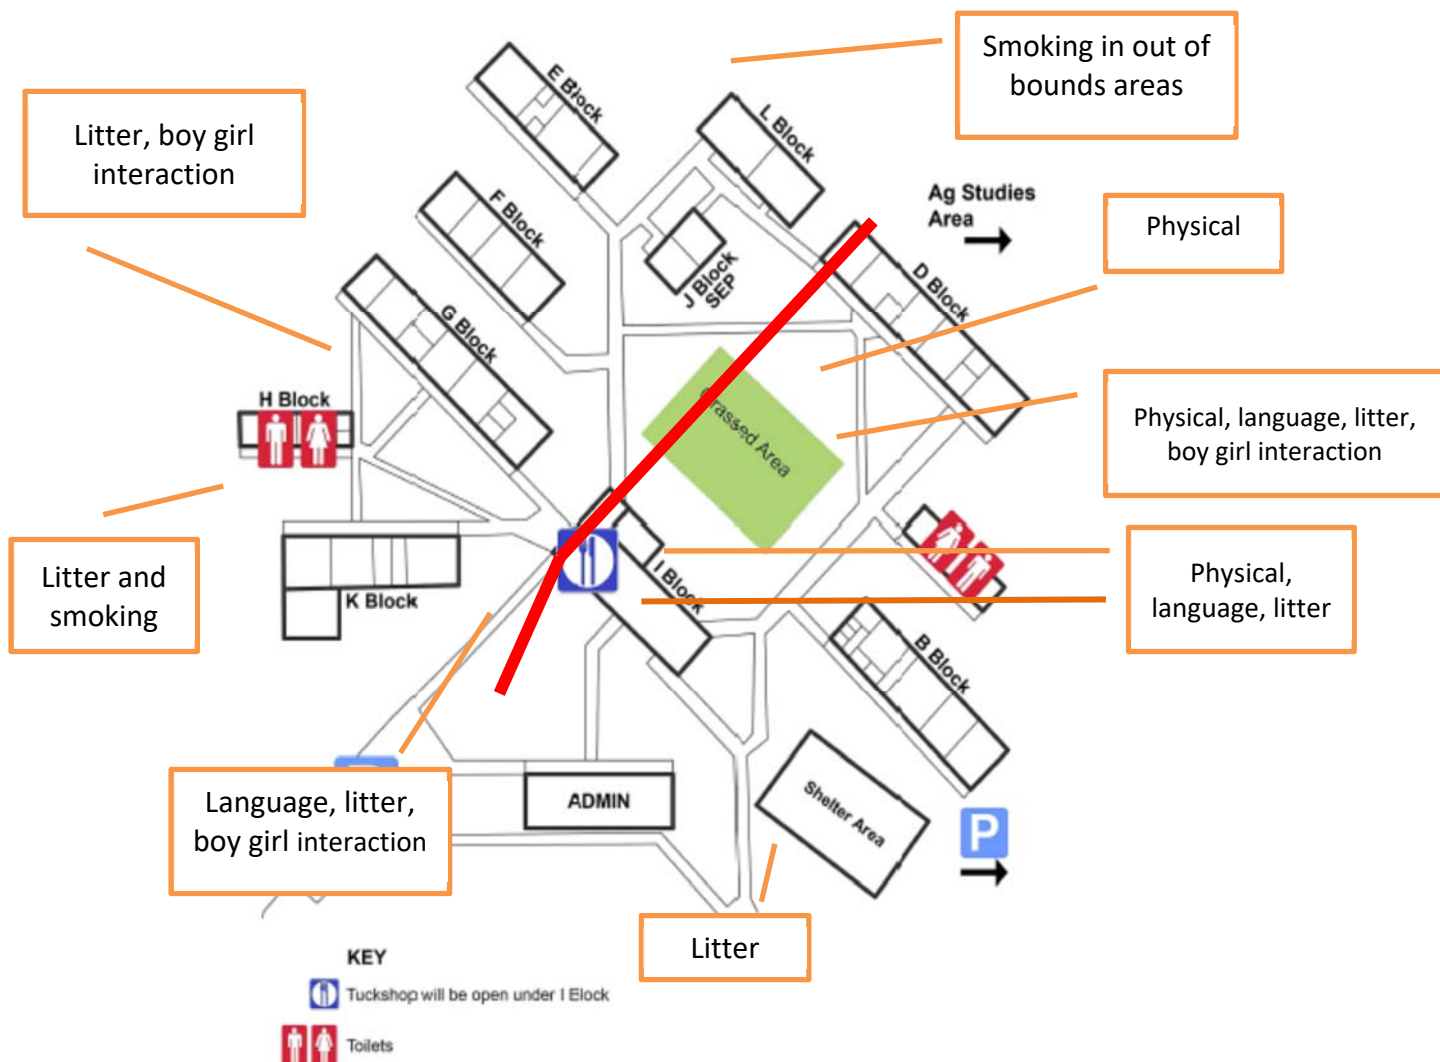

Questions for student

- What was it that you needed?
- What upset you most?
- What did we do that was helpful?
- What did we do that got it that way?
- What can we do better next time?
- Is there anything that you would do differently?
- Would you do something differently next time?
- What could we have done to make the physical intervention less invasive?

For students who have language or communication difficulties the debriefing process will need to be modified to accommodate their specific receptive and expressive needs.

Some ideas to manage behaviour

- Litter – ask students who owns the litter, then ask that student to pick it up. Show students you can pick up litter too.
- Calm firm body language
- Know where students sitting and give pre-correct
- Use humour to redirect behaviour
- Use students' names
